Authority.

Central Montco Technical High School (CMTHS) provides a variety of programs that prepare individuals to enter the workforce or to continue their education at colleges, universities and technical schools. In addition to occupation-specific training, CMTHS promotes the development of civic responsibility, employability skills, leadership and professionalism. All programs are competency-based and designed to meet the individual student's needs, skills, interests, abilities and preferences. The school's mission statement is:

Shaping Today's Students for Tomorrow's Careers

CMTHS is committed to serving the business and industry sector of the community by providing programs that assist in meeting workforce requirements.
