

In today's Digital Society, more and more companies are seeking young professionals with creativity and talent in the fields of audio and video production.

## **VIDEO, SOUND, AND MUSIC PRODUCTION**

# **Do You Enjoy...**

**Making your own music and sound?**

**Creating and editing videos?**

**Being "behind the scenes" to see how the industry operates?**

**Learning how your favorite movies and shows are created?**

**Working with others to make your ideas become reality?**

**CENTRAL MONTCO TECHNICAL H.S.**

## VIDEO, SOUND, AND MUSIC PRODUCTION

# Here's where to start!

In this field you will work with high-end equipment and cutting-edge technology—and in exciting environments too. Work settings include TV and radio stations, sporting events, concerts, film sets, recording studios, theaters - almost anywhere!

**Listen Up:** If you want to become an audio producer, these job responsibilities may perk up your ears:

- \* Operate sound and mixing boards
- \* Record, mix, and reproduce sound effects, music, and voices
- \* Synchronize voices and sounds for movies or TV shows
- \* Edit live recordings with industry technology

**Look Here:** If you want to become a video producer, these job responsibilities may catch your eye:

- \* Set up, operate, maintain, and repair broadcast gear
- \* Monitor and adjust equipment to ensure visual quality
- \* Troubleshoot equipment
- \* Edit video recordings with industry technology
